

When my wife and I came to Beulah we were virtually on the verge of spiritual and emotional burnout.

When we were asked to attend the “Father’s Heart” course we honestly did not know what to expect. However, it proved to be one of the best decisions of our lives. Hidden issues of the past were brought into the open and hearts were healed. We experienced Father’s heart and love in a fresh way.

The week after we experienced a wake-up and sensed a new light, love and power of God flooding my being. My already no existing prayer life is being revived since that day.

I am convinced that only eternity will reveal the full impact of Jacques and Hanneke’ s investment in us.

I wholeheartedly recommend this course to everyone in need of personal revival and refreshing even if they are not aware of that need in their lives. I fact I recommend it to all.
